**Did not receive votes from:** Dale Lopp.

**Issue being voted upon (please provide specific details):**

In the 2010 Handbook, we need to delete the wording in the Affiliate Show Conditions and Entry Level Ride Show Conditions which allows shows to charge an "All Day Fee". We need to do this because our current show database will not be able to track where and how to divide up the entry fees and payouts if they are not made per class. To make this sort of change to our database would be costly and cause a set back to the IT project.
